Hardika Kumar
D/o Mr. Pawan Kumar
Mohan Colony, Sodala
Jaipur-302019

Dear Ayush,

Congratulations, we are delighted to inform you that you have been selected for the **Bachelor of Technology** programme in **Computer Science Engineering** at JKLU, class of 2020-24. This offer is subject to submission of final documents as per the eligibility criteria. Your application and performance in various examinations and interaction have convinced us that you are well suited to become a part of this distinctive programme. During this program you will have to demonstrated the drive, willingness to learn, and an aspiration to make a difference, which are some of the defining characteristics of successful graduates from the programme.

In our sprawling, modern campus in Jaipur, you will be joining a group of students from different parts of the country and belonging to diverse academic, and cultural backgrounds. The diversity of your peers will help bring a wide range of personal and professional viewpoints to your experience in the programme and extra-curricular activities on the campus.

At JKLU, we are reimagining education to provide our students with more hands-on learning and with a multidisciplinary, project-based curriculum. With our **53 state-of-the-art laboratories**, you will truly have the opportunity to 'learn by doing'. In addition to this, we are delighted to share with you that **JKLU has designed its project-based pedagogy with Olin College of Engineering, USA to redesign and transform their engineering education** to provide the best platform for experiential learning at the University. Olin College, consistently awarded for having one of the best and most innovative undergraduate engineering programmes in the United States, is bringing their cutting-edge and highly successful project-based experiential learning pedagogy to JKLU's B.Tech programme. JKLU has signed MoU with University of Florida and University of Massachusetts, ranked 8th & 26th among Public Universities in the USA, 2019 for various student exchange and higher education programmes. JKLU also provides a unique opportunity to study at IIT with its students exchange program. So far 7 of our students have benefitted from this.

We are also supported by a distinguished Academic Advisory Board of JKLU which includes Dr. Sartaj Sahni, distinguished Professor at University of Florida, Prof. Sunand Bhattacharya, Associate Vice Provost at Boston College, Dr. Rohit Verma, Dean and Professor at Cornell SC Johnson School of Business, Cornell University, Dr. Prabhu Aggarwal, former Professor of Management & Asst. Dean at William & Mary College, USA and Vice Chancellor OP Jindal University, Dr. Vijay Kumar, Dean, Penn Engineering and Professor at University of Pennsylvania and Dr. Dheeraj Sanghi, Professor of Computer Science at IIT Kanpur.

You will also be assigned faculty mentors from the very first year who will guide you throughout your journey at our University. We believe that mentors play a significant role in shaping a student's thoughts and can be one of the most inspiring and enriching aspects of their journey. Mentors help students grapple with professional and personal challenges.

Over the course of four years, we believe you will get a chance to hone your personality, understand your personal values and strengths, and give wings to your aspirations.

You will find enclosed with this letter a detailed procedure for accepting this offer. We have attached an acceptance letter for you to sign and return to us, along with an initial deposit towards your Programme fee. Please send us a confirmation of acceptance by 14ᵗʰ Aug, 2020.

Congratulations once again and welcome to JKLU. We look forward to seeing you on campus and working together to help you shape your dreams!

With my very best wishes!

(Dr. R.L. Raina)
Vice Chancellor
